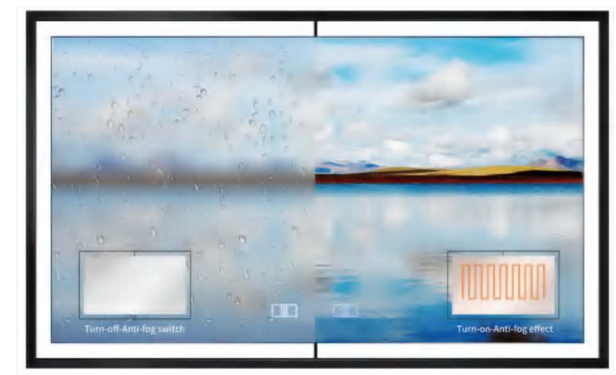
Date/Time/Temperature/Touch sensor
Six button: Light on/off+Defogger+Volume adjusting+Date/Time adjusting+Temperature adjusting+Bluetooth connection(Connect with your mobile phone)

Bluetooth Speaker

Searching the mirror's Bluetooth No. and connecting it with your phone, then you can play the music in your phone.

Defogger System

Electrical defogger heated pad system help you to clear the steam on the mirror in 15 seconds.



THE LED STRIP TECHNOLOGY

Our Standard LED Strip

Led strip high quality 2835 & 5050 chips, UL & CE listed

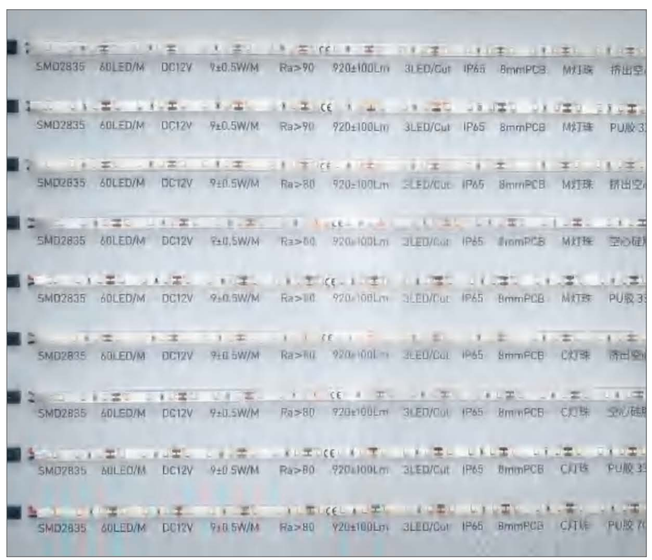
CRI > 80 / CRI > 90

CCT:2700K to 6000K

Life time 50000 hours

More Option

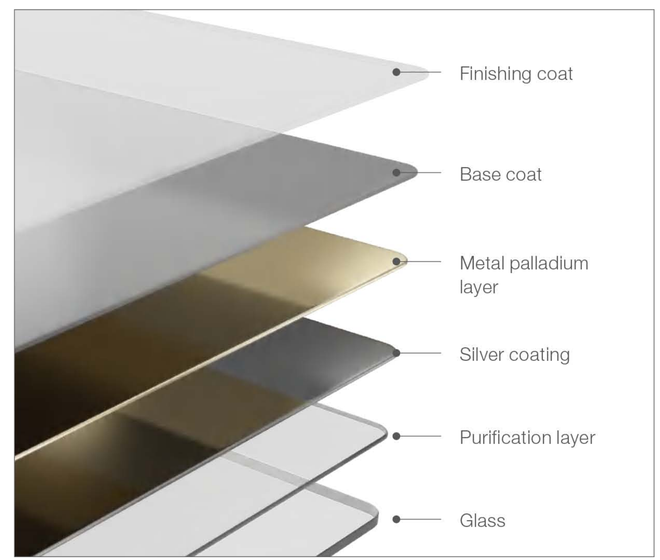
Adopt different certifications and suitable for different markets.



THE DRIVE & MIRROR TECHNOLOGY

LED Driver

Adopt famous brand high quality LED driver with different certifications



Mirror Technology

Environmentally friendly, without heavy metal primer with good protective effect. Prevent oxidation and rust, improve the mirror definition.

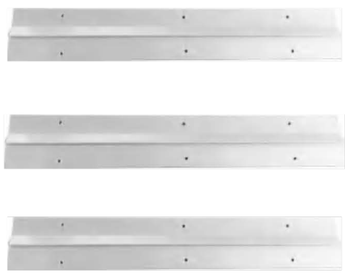
MOUNTING WAY
TECHNOLOGY

Type A

Economy design and easy hanging, can be used on the product with backboard or without backboard

Type B

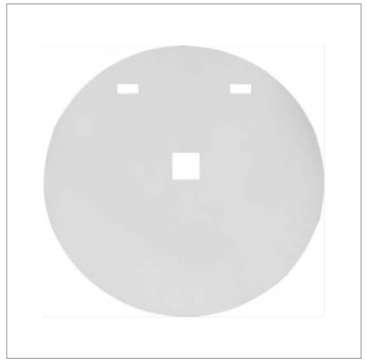
Elegant design and easy hanging, can be used on the product with backboard or without backboard



Type C

Aluminum strip design easy installation and level adjustment, can be used on the product with backboard or without backboard

STRUCTURE OF BACK SIDE
TECHNOLOGY



Type A

PVC backboard, luxury and safe design

Type B

Waterproof box, beautiful and safe design

Type C

Economy type design with competitive price
